

## Programs

### October Meeting

**Topic:** City of Orlando Mechanical Code Update

**Presenter:** Donny Pittman – City of Orlando

**Date:** Thursday, October 11<sup>th</sup> 2007

**Time:** 4:30P.M. Board Meeting

6:00P.M. to 6:45P.M. Social Period

6:45P.M. Dinner begins

7:00P.M. Presentation

**Location:** Dubsdread Historic Banquet Hall  
541 W. Par Street, Orlando

## ASHRAE-UCF Off to a Great Start

This year's Student Activities Committee is off and running with great success at the University of Central Florida. For the past two years, UCF has had two teams of senior design students enter the ASHRAE International Student Design Competition. These teams have had great success at UCF and at ASHRAE with two regional wins and one society level win. This year, interest from the UCF Senior Design students was so overwhelming that we will have *three* teams competing. This year's team members are:

### System Selection 1

Anik Patel

Pamela Androff

Hanoy Estrada

Jonathon Godwin

Tony Bonk

### System Selection 2

Josh Lerch

Brennan Landreville

Chris Smith

Nojan Nowakhtar

Ryan Diaz

### System Design

Andrew Twigg

JC Le

Mila Kukhareenko

James Hardin

Mark Dahir

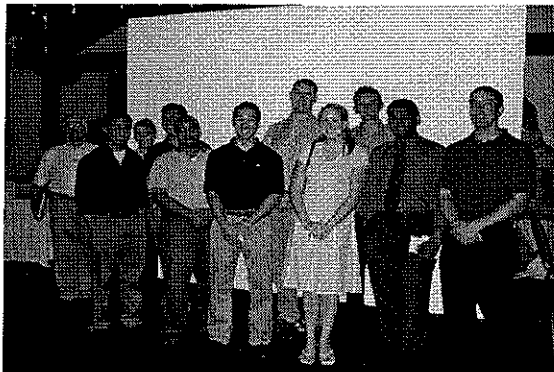

All three teams are enthusiastic about working on the ASHRAE project over the 2007-2008 academic year and are already in progress. As the new ASHRAE year brings more senior students to enter the design competition, it also brings us new mentors to help guide the students. Student Activities would like to recognize and thank the following professionals for their volunteer commitment towards our students: Wade Conlan (X-nth), Mike Hess (X-nth), John Fabian (Xnth), Ben Walton (The Trane Company), Tony Esposito (TLC), Vince Briones (TLC), Kyle Davis (Harper Limbach LLC), Megan Tosh (Stan Weaver & Co.).

The ASHRAE-UCF student branch held their first meeting of the 2007-2008 school year on Wednesday, September 5<sup>th</sup>. Twenty-two MMAE students attended this meeting – the largest attendance to date for the student branch! The students were introduced to ASHRAE and to the newly elected student officers. This year's student officers are: Iam Lahiff (Student President), Anik Patel (Vice-President), Larry Stoff (Secretary), and James Hardin (Treasurer). The first meeting was a huge success and we look forward to lots of activity and involvement from this year's ASHRAE student branch. On September 6<sup>th</sup>, the student branch made its first appearance during Engineering Rush. Rush is an opportunity for all engineering and computer science clubs to

introduce themselves to new engineering students and invite the students to all of their events. This year, over 100 students visited our table and signed up to be on our mailing list. We send these students an e-mail notifying them of all the events we plan during the year.

On Wednesday, October 3<sup>rd</sup>, ASHRAE-UCF held their second meeting of the year – the first meeting held by the new officers. The meeting was a success as students discussed benefits of being an ASHRAE student member, upcoming events and opportunities, along with information regarding the HVAC courses UCF currently offers. The students enjoyed YEA's License to Chill video during the conclusion of the meeting. The second ASHRAE-UCF meeting also marked the debut of the ASHRAE Easel. At UCF, the Engineering II Atrium is the spot for engineering students to study and socialize. In the middle of the atrium, stairs wind up to different floors of the building and give students access to classrooms and computer labs. Around this stairwell, engineering clubs have had easel-style signs on display to announce upcoming events and advertise their organization. ASHRAE-UCF now has a sign under the stairs in the atrium to be seen by engineering students, and it is a very brightly colored sign!

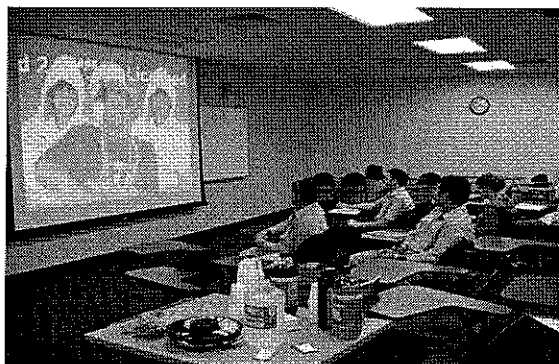

At the first professional chapter meeting of the year, held September 13<sup>th</sup>, ten students attended the local chapter meeting and had the opportunity to network with local industry professionals. We were excited to have so many students interested in ASHRAE and enjoyed their company at dinner. The students were very grateful for a nice meal and good company. If you would like to help ASHRAE continue to support our students, please visit our chapter website, [www.ashrae-cfl.org](http://www.ashrae-cfl.org), and sponsor a student. Central Florida Student Activities thanks you for your support and appreciates everything you do to help us accomplish our goals. We have a lot of activities planned this year and we look forward to sharing our pictures with you!

# **ASHRAE CENTRAL FLORIDA CHAPTER AWARDS PROGRAM**

The Central Florida Chapter of ASHRAE will select award recipients in the categories listed below. Winning entries will then be submitted for inclusion in the Central Florida Engineers Week Awards Banquet in February. Awards may not be given in categories where insufficient entries are received.

Please complete and submit the attached Award Application by October 31, 2007. Winners will be announced at the December 2007 ASHRAE dinner meeting.

## **LIFETIME ACHIEVEMENT AWARD IN ENGINEERING**

*(30+ years of experience)*

## **LEADERSHIP EXCELLENCE IN ENGINEERING**

*(11-30 years of experience. Engineer who has contributed through their engineering work and public participation.)*

## **TECHNICAL EXCELLENCE IN ENGINEERING**

*(11-30 years of experience. Engineer who has contributed through their technical expertise and achievement.)*

## **YOUNG ENGINEER OF THE YEAR**

*(10 years or less of experience)*

## **OUTSTANDING PROJECT OF THE YEAR**

*(Central FL area)*

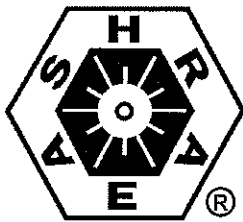

## **OUTSTANDING ORGANIZATION OF THE YEAR - PUBLIC SECTOR**

## **OUTSTANDING ORGANIZATION OF THE YEAR - PRIVATE SECTOR**

*(100 employees or less)*

## **OUTSTANDING ORGANIZATION OF THE YEAR - PRIVATE SECTOR**

*(more than 100 employees)*

## ASHRAE CENTRAL FLORIDA CHAPTER AWARDS APPLICATION

Submitted by:		Member ID:	
Company Name:		Phone:	
Address:		E-Mail:	
		Date:	

I would like to nominate the following Individual, Project or Organization for an Award:

*Please check the appropriate award:*

- Lifetime Achievement Award in Engineering (30+ years of experience)
- Leadership Excellence in Engineering (10-30 years)
- Technical Excellence in Engineering (10-30 years)
- Young Engineer of the Year (10 years or less experience)
- Outstanding Project of the Year (Central Florida area)
- Outstanding Organization - Public Sector
- Outstanding Organization - Private Sector (100 employees or less)
- Outstanding Organization - Private Sector (more than 100 employees)

**SYNOPSIS OF QUALIFICATIONS:** (attach additional sheet if more space is needed)

**APPLICATION MUST BE RECEIVED NO LATER THAN OCTOBER 31, 2007**  
Submit completed form to: Todd Moore, 2301 Lucien Way, Suite 430, Maitland FL 32751  
Fax number: 407-660-0303 or e-mail [ToddMoore@trane.com](mailto:ToddMoore@trane.com)
